Figure 1: Poster presentation of the baSE-project

Presentation of the baSE-project at the "founders week"

- Date: 16.11.2023; Place: University of Hildesheim
- hybrid workshop in cooperation with the KET Competence Centre for Entrepreneurship and Transfer
- About 10 participants on- and offline (Many cancellations at short notice due to rail worker strike
- Content: Following on from the project objectives of expanding the skills of employees in companies and organizations in the social economy, the workshop used specific examples to focus on the skills and abilities required in this sector for start-ups and organizational development. These concrete examples were framed by the presentation of WP 2 findings of the baSE-projects (focus group, survey). In addition, the participants were informed about existing framework and funding conditions as well as the latest developments in the field of the social economy at national level. The event ended with an open discussion on the needed skills in social economy organizations as well as the possibilities to include these in higher education programs.
